DETAILED ACTION

Response to Amendment

1. This action is in response to the amendment mailed December 2, 2005.

Claims 1 and 5 were amended rendering claims 1-7 pending.

New Matter - 35 U.S.C. 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claim 2 rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In claims 1 and 5, the phrases, "removable cover sheet" and "sign includes said alphanumeric information on said removable cover sheet and a graphic image from one of said opaque sheets" are not supported by the specification.

Claim Rejections – 35 USC § 102(b)

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-7 are rejected under 35 U.S.C. 102(b) as being unpatentable over Mirza (U.S. 6,347,471).

Mirza discloses a multi-layered signage apparatus wherein the material displayed may be easily replaced comprising a message holder (frame) having a front (plastic film) and back panel used to display one or more replaceable signs or messages including instructions, notes, bulletins and other documents (column 1, lines 12-64 and column 2, lines 11-30) which are conventionally alphanumeric. Signs 15(b) (cover sheet) and 15(a) are removable sheets having additional signs or viewable items 15(c) between the two signs, which are not visible (opaque) (column 4, lines 60-65 and Figure 5).

Response to Arguments

6. Applicant's arguments regarding the rejection made under 35 U.S.C. 102(b) as being unpatentable over Mirza (U.S. 6,347,471) has been considered but is unpersuasive. Applicant argues Mirza does not teach a multi-layer signage having a

Art Unit: 1774

removable cover sheet having a first viewable region and one or more opaque sheets which can be seen along with the image on the cover sheet.

In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., the viewer sees both the alphanumeric information on the removable cover sheet and the locomotive contained on opaque sheet 41 (Figure 2) are not recited in the rejected claim(s)). Additionally, the claims do not recite (material contained on two different sheets of his sign can be viewed simultaneously by a single viewer). Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993). Signs 15(b) (cover sheet) and 15(a) are removable sheets having additional signs or viewable items 15(c) between the two signs, which are not visible (opaque) (column 4, lines 60-65 and Figure 5).

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1774

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
